WALLMAX®

CABLE AND PIPE

SEALING SOLUTIONS

Product families at a glance

Modules / Frames / Accessories

PLP / EMC / ATEX & IECEx

Sealing confidence

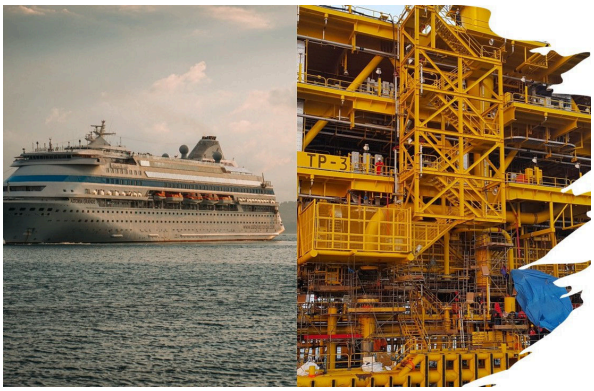

One system, many markets

Sealing solutions for cables and pipes across critical environments.

POWER & RAIL

Generation, substations, transmission and distribution, transport.

OIL, GAS & MARINE

Production, processing, offshore, marine and hazardous areas.

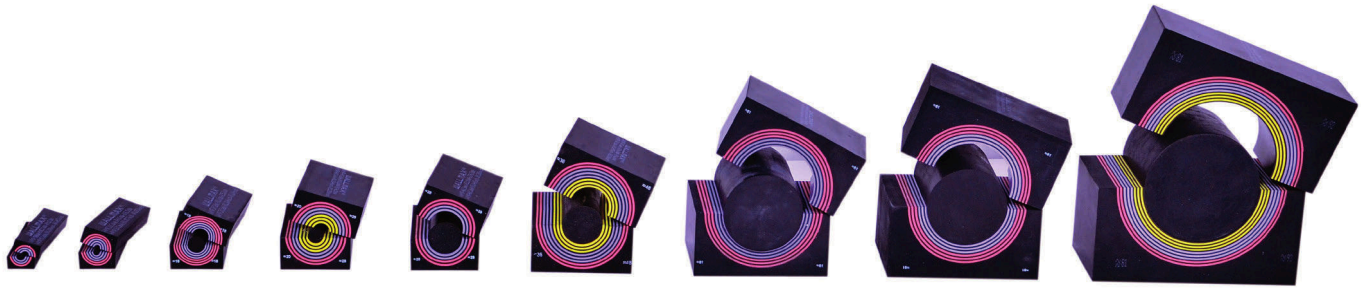

CRITICAL ENVIRONMENTS

Data centres, tunnels, technical rooms and industrial installations.

WMR multicolour modules

See the layers. Check the fit.

The common core of most WallMax® frame systems.

SUBITISING

Recognising small groups at a glance, without counting.

Four layers become one recognisable sequence.

SELECT

Fast, intuitive layer selection that helps reduce counting errors.

INSPECT

Matching colour bands help verify that both module halves have been peeled to the same layer. *

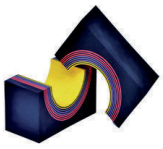

** Installation allows up to one layer difference between the two module halves.*

Variable diameter / With or without plug / Spare capacity for later additions

Modules and metal frames

Regular modules

Peelable and solid variants

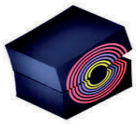

WMR | WMR wop | WP | WMS | WMSR

Compact modules

Compact and solid compact

WMC | WMSC

Rectangular frames

Standard, depth and openable

WRF | WRF2 | WRF2.V1 | WRFD | WRFO

Additional rectangular series: WDF

Rounded frames

Rounded rectangular series

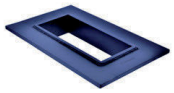

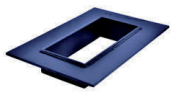

WRFR6 | WRFR4 | WRFR2

Flanged metal frames

Standard, openable, light and holed

WRFF | WRFFO | WRFFL | WRFFLO

WRHFF | WRHFFO | WRHFFL | WRHFFLO

Frames and accessories

Modular frames

WMF

WSS

New product families

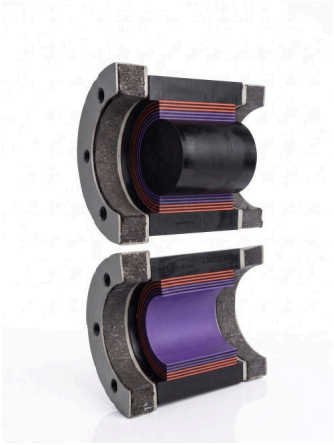

PLP / WRD / EMC - extending the WallMax® range

WR PLP

Split seals for thermoplastic pipes

Easy Inspection -

Clear visual distinction between plastic and metal pipe installations.

WR PLP

Round multi-cable

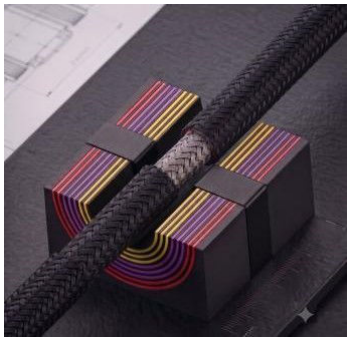

Split seals for multiple cables and pipes

WRD

EMC shielding

WRF Em frames with conductive WMR Em modules

WMR Em

Protection across applications

ATEX / IECEx	Hazardous environments
EMC	Electromagnetic shielding
MED / MARINE	Marine approvals
FIRE	Fire resistance
WATER / GAS / IP	Sealing and ingress protection
ENVIRONMENT	Environmental and mechanical testing

Certification and test scope varies by product, configuration and application.
